Tim was a life-long Houstonian who attended Bellaire High School and Texas Tech University. He was a proud member of Phi Delta Theta Fraternity. He had a forty-five year career in Oil and Gas and was a Partner at Oilfield Pipe of Texas. Tim had a uniquely warm and expansive personality; he embraced family and friends with his genuine love for life. He was a kind, giving and self-less man who welcomed every opportunity to spend time with his family and friends. He never met a stranger and he was the consummate host. Tim warmly welcomed people into his world and made friends feel like family with a greatness of spirit and genuine love of people that resulted in a truly larger than life man. It was as natural as breathing to let people know that they were special. He will be deeply missed by all who knew him.
